

CLEANTECH INNOVATION

2009 | SOMETHING FOR YOU?

INTERNATIONAL WORKSHOP LAHTI FINLAND 13 OCTOBER 2009

Cleantech Innovation: Something for you?

Workshop at Lahti, Finland
13 October 2009

The international workshop on Cleantech Innovation unlocks the secrets of the creation of both science and technology based and practice-based innovations on the interfaces of various disciplines.

Date: 13 October 2009 at 8.30–16.00

Place: Congress Centre Fellmanni, Kirkkokatu 27, 15140 Lahti, Finland (www.lamk.fi/fellmanni/sijainti).

Programme

The workshop focuses on local, national and international development platforms, innovation, product and service development, industrial renewal, technology management, related variety, marketing and business for the clean technology market. The workshop also contains a mini innovation session, in which various innovation tools developed and utilized in the Lahti region are introduced with regard to a practical case related to cleantech innovation. The speakers include international experts in various aspects of cleantech innovation (e.g., Professor Philip Cooke of Cardiff University) as well as representatives of the Finnish Cleantech Cluster, companies and universities. The language of the workshop is English (apart from certain group discussions in Finnish in the mini innovation session).

Target groups

The workshop is targeted both to representatives of companies, public authorities and universities. The workshop is open to anyone interested in cleantech innovation and related issues.

Registration

There is no participation fee. Please register **by Friday, 2 October 2009** online at: www.lahtisbp.fi/cleantechinnovation
Practical information on, for instance, accommodation may also be found via this link.

Organized by

Lappeenranta University of Technology, Lahti School of Innovation in collaboration with Lahti Science and Business Park as well as the Finnish Cleantech Cluster and the DIME network through the Centre for Advanced Studies (CASS), Cardiff University (UK). The workshop is organized as part of the activities of the EU's DIME ("Dynamics of Institutions and Markets in Europe") Network of Excellence, Structural Activity Line 3 (SAL3). The SAL3 part of DIME, which the Centre for Advanced Studies of Cardiff University is responsible for, seeks to bring together 'users' of DIME research and interested stakeholders for research dissemination in workshop and conference settings.

Welcome to the workshop!
